DES MOINES, July 24 .- (Special Telegram.)-The rain stopped the game between Des Moines and Omaha today in the last half of the sixth inning and the contest went to Des Moines by a score of 3 to 2. Despite the fact that yesterday's rains had made the field very muddy, the two teams started out to play a very fast game and the contest promised to be one of the very best of the year. Roach and McFarland both pitched well, considering the fact that the ball was soaking wet and the fielders all did great work, Des Moines making a double play in the fourth inning, with three men on bases and no men out, that was one of the swiftest seen on the grounds this year. A base on balls and two fast singles gave the locals one in the second and a double and a single gave them one in the fourth. A double and a single just like them gave Des Moines one more in the fifth. Omaha got its two in the third. After Hoy went out from pitcher to first, Roach was hit by a pitched ball and took first. O'Rourke's two-bagger into left put Roach on third and then, after Mc-Vicker fanned Wilson's two-bagger over left field fence, scored both Roach and O'Rourke. In the fifth Omaha started a runaway and filled the bases without getting a man out, but a double play stopped a man at the plate and one on third and then, when Lauzon went out on a pop-up. the chances of the Nebraskans scoring became naught. In the last half of the sixth. when Des Moines had one out, it began to rain very hard. Umpire Warner waited some fifteen minutes and then, when the diamond looked like a swimming pool, he called the game. Attendance, 600. Score: DES MOINES. AB. R. H. O. A. E.

Negro Fugitive in Ambush Kills Two Officers at New Orleans.

Bloodhounds Are Now on Track of Murderer and if Caught He Will Be Arraigned in Judge Lynch's Court.

NEW ORLEANS, July 24.—By a trifling incident, began last night, a series of tragedies followed which it was feared for a time would culminate in an outbreak similar to the Italian lynching in New Orleans several years ago. A lynching is probable if a negro fugitive,

who is now being pursued by officers and citizens, is caught. The dead: POLICE CAPTAIN JOHN T. DAY. POLICEMAN PETER J. LAMB. The wounded: Policeman August T.

Mora. The officers were attempting to arrest Leonard Pierce and Robert Charles, two negroes, when the latter opened fire. A fusilade followed, during which Policeman Mora was seriously shot. Pierce was finally

arrested, but Charles, who did the shooting although wounded, escaped. The police organized a pursuit and succeeded in locating the fugitive. Captain John T. Day, commanding the posse, led the police to Charles shanty and there surrounded the refugee in a dark alley. They carried lanterns and were easily distinguished by the negro, who opened fire with a Winchester, killing Capain Day. A negress opened the door of ar adjoining room and told the police to jum in, for Charles had rifles and ammunition and occupied an impregnable position. The officers, thinking to hold Charles in his quarters until help or daylight came,

obeyed, but Officer Lamb, who was last to obtain the shelter, was killed. After a wait of nearly an hour reinforcements arrived and the block was surrounded, but Charles had then escaped from the room, though a shot at the pickets told that he was in the neighborhood. The two dead policemen were removed and a systematic search organized, but no trace of the fugitive was found. Police armed with rifles and citizens similarly equipped and a bloodhound kept up the search and had Charles been sighted he would have been shot to pieces.

Mayor Capdeville offered a reward of \$100 for the capture of the negro and Governor Herd has added \$250 for the state. Parties eral Stitzer, who went to Rock Springs to are out in all directions, even miles away from the city, and all trains are searched. Suspects were arrested in the suburbs. The whole police force was kept busy to-

day. Thousands gathered around the scene It is learned that General Stitzer's visit to of the shooting and, lacking a victim or other excitment, proposed vengeance on the property and nergoes in the vicinity of the tragedy. The police promptly quelled the disturbance and arceted a number of persons, but the guard had to be increased. A committee from the respectable negro element called on Chief Gast and offered ald in running down the negro and as some of Stricture, Piles, Fixtula and Rectal Ulcers them knew the man by sight their services were accepted.

No matter how often the sore is removed by the surgeon's knife or flesh destroying plasters, another comes and is worse. The real disease is in the blood, and the treatment must begin there. The poisoned blood must be invigorated and purified, and when this is done cancerous cells can no longer form and the sore will

heal naturally and permanently. Mrs. Sarah M. Keesling, out Windsor Ave., Bristol, Tenn., writes: 'I am at ears old, and for three years had suffered with a severe form of Cancer on my Jaw, which the doctors said was throughle, and that I could not live more than six months. I accepted their statement as true, and had given up all hope of ever being well again, when my druggist, know, then my druggist, know, Mrs. Sarah M. Keesling. chen my druggist, kin

and in a short time made a complete cure. I have gained in flesh, my appetite is splendid, sleepis refreshing—in fact, am enjoying perfect health." overcomes this destructive poison and removes every vestige of it from the system, makes new, rich blood, strengthens the body and builds up the general health.
